
Global Transnational History Past Present

introduction: space and scale in transnational history - transnational history over the past ten to fifteen years or so. harking back to the earlier question of what transnational history actually is, a perspective or a method, one could argue that it is more than that, simply a reality. certainly not a new one but one that has become more pressing and one that is in need of historical understanding. **global and transnational history - springer** - vi doi: 10.1057/9781137299833 foreword this small book discusses the emergence, growth, and future possibilities of global history and transnational history, two interrelated approaches to the study of the past **transnational history: a review of past and present ...** - transnational history: a review of past and present scholarship ... and world and global history. the second section discusses the variety of areas of enquiry where transnational perspectives have been taken up in practice, surveying a range of recent historical writing. ... transnational history focuses.4 in this light, ... **hist3029 transnational history: a new perspective on the ...** - world history is not an easy discipline to define. it is a global history without the focus on nation states and it is a thematic history without a narrow temporal and special scope. world history is massive in its scope, it is transnational in its outlook and it is diverse in its practice. it **mo3351 doing and practicing transnational and global ...** - over the past ten years transnational and global history have emerged as some of the most vibrant fields in late modern history. with their interest in cross-border activities, with their focus on the flow and interconnection of ideas and goods and their transformation between **transnational approaches to u.s. history overview ...** - transnational approaches to u.s. history ! overview: ! building on generations of work in comparative, international, world, and global history, scholars in recent years have spoken increasingly of a "transnational turn" in american historiography. this graduate seminar will explore major works in the field, **discussion: the futures of global history** - global history is an approach to the past which has two key modes. on the one hand, the ... (from comparative history to global history: the transnational press and the example of the são paulo messenger)', revista instituto histórico e geográfico brasileiro, 466, 2015, pp. 87-120. **transnational, global and spatial history** - history - transnational, global and spatial history - 2018/9 - august 2018 page 16.11.3 mh5101 themes in middle eastern history scotcat credits: 40 scqf level 11 semester 1 academic year: 2018/9 planned timetable: to be arranged. this module is intended to introduce students to themes and debates in middle eastern history. **bibliography of global history - research.uni-leipzig** - world and global history writing in europe, ... despite all its differences, the field of world, global, transnational, transregional, or big history is built upon a shared interest in relations, comparison, and connections, aiming to facilitate the intellectual trans- ... among historians interpreting the past in global terms. **masters in transnational, global and spatial history** - century. tailored specifically for students studying transnational, global and spatial history, the course will lead to the acquisition and development of skills in the digital humanities, and/or skills required for using specific historical sources. students select two mini-modules on gis map-making and one on databases and network analysis. **transnational history - european history online** - history, other than the negative definition according to which it is an alternative to the still dominant concentration on national history. transnational history's relationship to closely connected approaches - for example, to global history and **hist3029 transnational history: a new perspective on the past** - hist3029 transnational history: a new perspective on the past the university of hong kong semester 2, 2013-14 dr. birgit schneider second reflective essay assignment joo hun han the following is a reflection on my encounter with world history through the course hist3029: transnational history. **transnational migration studies: past developments and ...** - transnational migration studies: past developments and future trends ... ing a short history of theoretical and conceptual developments in the field. in the sec- ... between global, international, and transnational. alternative terms, such as translocalism (barkan 2006), bi-localism, and ... **masters in transnational, global and spatial history** - history - transnational history - mlitt & mphil - 2015/6 - november 2015 page 14.9.2 mo5152 global times - plural spaces 2 scotcat credits: 20 scqf level 11 semester: 2 planned timetable: to be arranged. this core module for the mlitt in transnational and spatial history offers a strong foundation in the major **international society as a historical subject** - beyond national enclosures have been variously described as transnational history, international history, global history, and sometimes world history, it is sometimes assumed that these terms are essentially synonymous. the premise of this essay, however, is that these terms properly connote related but distinct projects, and that it is
